\*Please note our school music and private lesson participation policies: An important aspect of membership in PYO is simultaneous participation by student musicians in their school's music program. PYO strongly supports music education in the schools. The school music programs offer opportunities for daily ensemble participation, which is then complimented by their involvement in PYO. Participation in PYO, school music, and private lessons form three elements of a well-rounded music education. We encourage and expect all musicians to be part of this important triangle.
